03/2016 - ongoing Recanto Maestro, Rio Grande do Sul, Brazil

Meta is a international IT outsourcing enterprise and one of the leaders of brazilian market.

- Worked with multicultural teams that goes from 3 to 20 peoples;
- Was set as technical reference for PHP and javascript;
- Reviewed, merged and deployed the projects with Gitlab as master;
- Worked for big clients like Unimed, Governo Brasileiro and SASCAR;
- Used: Laravel, VueJS, Angular 2, ES6+, Git, Unit Tests, Oracle and so on.

### Configuration Manager

#### LACA - UFSM

08/2015 - 03/2016 Santa Maria, Rio Grande do Sul, Brazil

LACA worked for a military simulator to brazilian government.

- Created and suported a Debian 8 cluster with a master and 2 slaves;
- Installed and monitored a Gitlab instance with restricted access rules;
- Applied SCRUM notion in a development flow with Gitlab;
- Used: Gitlab, GitFlow, SCRUM, Linux and Network security notions.

### Junior PHP Programmer

#### EBSERH - HUSM

01/2015 - 08/2015 Santa Maria, Rio Grande do Sul, Brazil

University Hospital from Universidade Federal de Santa Maria.

- Applied SCRUM in a team with 4 professionals;
- Analysed requirements of some modules in the hospital system;
- Developed the integration with university LDAP and database;
- used: SCRUM, Laravel 4, jQuery, Bootstrap, Redmine, SVN and so on.

## EDUCATION

### Bachelor of Information Systems

#### Faculdade Antonio Meneghetti

ongoing Recanto Maestro, Rio Grande do Sul, Brazil

### IT Technitian

#### Instituto Federal Farroupilha

2011 - 2013 São Borja, Rio Grande do Sul, Brazil

## ACHIEVEMENTS

#### Certified Professional

I'm doing international IT certifications, and now I'll do the Certified Scrum Developer at scrum.org

#### Open Source Contributor

I've been working in PHP packages focused in performance and contributed to some important ones, see my github!

## TECHNOLOGIES

#### PHP

#### Javascript

#### SQL & PL/SQL

## STRENGTHS

#### Responsible

"Act like business owner". I believe that grow along with the company is the best way to achieve the career success.

#### Fast

I need to be fast, but without losing the excellence in every commit. This is the market and mine standard.

#### Cooperative

I feel like I need to be there for my coworkers, help and act like a team leader.
